FRAMEWAVES, INC. AND SUBSIDIARY  
(A Development Stage Company)  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of Business and Significant Accounting Policies

a. Summary of Business

The Company was incorporated under the laws of the State of Nevada on December 23, 1985. The Company was formed to pursue business opportunities. The Company was unsuccessful in its operations. During 1993, Management determined it was in the best interest of the Company to discontinue its previous operations. The Company is considered to have re-entered into a new development stage on December 31, 1993. Because the Company discontinued its previous operations and is selling new

potential business opportunities, the Company adopted quasi-reorganization accounting procedures to provide the Company a Afresh start@ for accounting purposes.

b. Principles of Consolidation

The consolidated financial statements contain the accounts of the Company and its wholly-owned subsidiary, Corners, Inc. All significant intercompany balances and transactions have been eliminated.

c. Cash Flows

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be cash or cash equivalents.

d. Net Loss Per Share

The net loss per share calculation is based on the weighted average number of shares outstanding during the period.

e. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Quasi-Reorganization

December 7, 2000, the shareholders of the Company approved to adopt quasi-reorganization accounting procedures. Quasi-reorganization accounting allowed the Company to eliminate its previous accumulated deficit of approximately \$235,000 against additional paid-in capital. Therefore, the adoption of quasi-reorganization accounting procedures gave the Company a Afresh start@ for accounting purposes. The Company is also considered as re-entering a new development stage on December 31, 1993, as it discontinued all of its previous operations. These financial statements have been restated to reflect the change.

3. Stock Split

On December 27, 2000, the Company approved a 100 for 1 reverse split of the issued and outstanding common stock but no shareholder's ownership shall be less than 100 shares. An additional 43,394 shares were issued as a result of rounding up to the 100 share minimum.
